

ComEdge Rental

The rental industry is more competitive than ever. Success depends on being responsive to your customers in every aspect of your business – from the moment a customer inquires about a product through order entry right down to post-delivery customer service. Only a truly comprehensive enterprise rental solution can effectively handle the planning and coordination of your business – allowing you to focus on the needs of your customers.

ComEdge Enterprise Rental Suite

From construction equipment to medical equipment rental, **COMEDGE ENTERPRISE RENTAL SUITE** offers a proven turnkey business solution that supports the full rental cycle from reservation through settlement. Using closely linked functions and processes, **COMEDGE** offers a unique, intuitive approach to equipment rental management that works hand in hand with the rest of the financial accounting suite. With native support for multiple locations, equipment can easily be transferred between locations or can be imported from third-party companies for seamless rental to your customers. Built-in equipment service and maintenance tracking extends the life of your rental investments leading to increased lifetime rental usage, customer satisfaction, and profits.
